ENGINEER, ACCOUNTANT TO BE HIRED BY CITY

Campbell Merchants Open Monday Night

22 MERCHANTS WILL PARTICIPATE IN WEEKLY NINE O'CLOCK OPENING

Starting this Monday night and continuing every Monday night thereafter, 22 merchants will keep doors open until nine o'clock for the benefit of Campbell shoppers.

Campbell merchants, in cooperation with the Campbell Chamber of Commerce, have agreed to remain open after a thorough canvass by a committee headed by Cel Gerevas of Campbell Hardware, and Harold Estensen of Campbell Furniture & Appliance.

"There is a pressing need," said Gerevas, "for an evening opening of Campbell shops to allow families to do their shopping after regular daily working hours."

"We have made a study of openings in other cities, notable Los Angeles and San Francisco and have discovered that a Monday evening opening is most agreeable to merchants and customers alike. We see no reason that if it works in larger cities it should not work here."

"Here in Campbell," added Estensen, "we have found that Friday evening opening would conflict with high school activities and Thursday would conflict with San Jose evening shopping."

Gerevas and Estensen agreed that the response of the merchants was most gratifying, and both felt that it is in the best interests of the city of Campbell, the merchants themselves and Campbell residents to continue to cooperate in the best interests of the six-week old city.

As a special feature of this first evening shopping event in the new city, every merchant, according to committee officials, will offer a bargain item for the evening.

Both Gerevas and Estensen were quick to point out that these special items will not be some article that has been stuck away on the shelves that they are anxious to get rid of.

"It will be a genuine value," said Gerevas, "that will prove to shoppers that Campbell merchants are out to prove that our city is the best place to shop in."

Campbell merchants are now working on the idea of holding a breakfast meeting once a week from 7 to 7:45 a.m. at which time problems in connection with incorporation will be discussed. Merchants are particularly concerned about the proposed business licensing ordinance soon to be enacted by the Campbell city council.

They feel that established businesses in Campbell would be better protected if transient merchants are required to obtain a license from the city of Campbell in order to do business in Campbell.

There follows a list of merchants who will participate in Monday night's opening.

Campbell Furniture and Appliance Company; Jeffers' Men's and Boys' Wear; Tony's Busy Bee, House of Carpets and Furniture; Rozanne Shop; Accardi's Appliances; Campbell Stationery; Strong Paint Company; Verle O. Grizzle; Jeweler; Lassley's TV Service, Or-

According to general chairman of the drive, Mrs. Verle Grizzle, "It was very successful in view of the fact that the area had been thoroughly canvassed by the Boy Scouts a short time ago."

"There were only four rejects for minor reasons, which we consider a good percentage," she added.

Community Club members had thoroughly canvassed the Campbell area before the drive started, and all members of the club participated. Mrs. Ellen Lanphear had charge of the canteen, with Mrs. Fern and Ellen Kallam assisting. Roberta York had charge of the child care department, while Claudine Hancock and Carolyn Thompson worked as typists. Assisting Mrs. Grizzle were committee members Mrs. Donald Lantz, Mrs. James Muir, and Mrs. George Miller.

Kiwanians Hear Congressional Candidates Talk

Campbell Kiwanians heard area congressional candidates Charles S. Gubser, Clark Bradley and Arthur L. Johnson speak on their own qualifications for congressional duties at their meeting Tuesday noon at the Library hall.

The Kiwanis speeches were a stop on the busy itineraries of the congressional candidates which included tours of industrial plants, neighborhood talks at homes, and speeches in other civic organizations throughout the area.

Next week's program under chairman Lloyd Nelson will consist of a high school music program at Campbell Union High school.

Officials Speak At Grammar School PTA Meet

William C. Henley, superintendent of Campbell Union School district and John Duncan, principal of the regular meeting of Campbell of Moorpark school, spoke before Union High school Parent Teacher Association at Buc's Cove, on the school bonds.

The speakers illustrated the great need of more classrooms and schools. They told of the Santa Clara Valley being the second largest in growth in the world. Henley's talk also covered the initiative amendment of the State Legislature.

Hill, second vice-president; Mrs. Kenneth Bitzer, recording secretary; Mrs. Gunnar Peterson, corresponding secretary; Mrs. Virginia Kaufman, treasurer; Mrs. J. A. Feasel, financial secretary; Mrs. G. Smith Declares Intention To Devote Full Time

Declaring his intention to resign his position at Campbell Union High School if elected, Albert B. Smith candidate for supervisor in the Fifth District, said today, "If I am elected, I will be available to every Fifth District resident, not to 'pass the buck,' but to serve as a friendly consultant and representative on county government."

Promising personal investigation and conferences with the residents affected by county problems before making decisions, Smith declared, "To decide issues with good judgment, a man must spend the time to get an unbiased, sound viewpoint. I will listen to anyone, although bound to no influence other than my own conscience."

Smith, head of the agriculture department of Campbell Union High school for the past seven years, and lifelong Campbell area resident, seeks the office being vacated by Dr. Earl C. Campbell.

Rotarians Hear Feather River Water Discussed

Local Rotarians attended a joint meeting with Beverly-Burbank, at which twenty visiting Rotarians, including President Roy Emery, enjoyed a full turkey dinner with all the trimmings and heard a non-political speech by Congressional candidate Bruce Allen.

Allen spoke on the Feather River Water project on which he has made a study. His talk dealt with related water legislation, both state and federal, as well as specific problems with which the Feather River construction is concerned.

Councilman Joseph V. Gomes promised to have a garbage ordinance ready for first reading within a week, a fire protection ordinance in two weeks, and a business licensing ordinance within three weeks.

Considerable discussion arose over the advisability of having the business licensing ordinance and the difficulty of setting equitable fees.

Councilman J. Frederic Snyder recommended and was directed to prepare a civil defense ordinance, so that Campbell may assume its responsibility with the rest of the state in this matter. A medical doctor, Snyder is chairman of the health and safety committee, and will work with City Attorney Joseph A. Bonacina on drafting food handling, sewage and rabies ordinances.

Councilman J. M. Dahl, chairman of the street and highway committee, was directed to prepare an ordinance for regulating such activities as excavation in the streets and stringing overhead wires, such as for telephones.

It was pointed out that at present there is no place to apply for permits for this work. Permits were previously issued by the county.

Morton reported that Campbell will receive \$4,000 as its share of State gasoline tax and auto license fees for the last quarter of the 1951-52 fiscal year and will receive an estimated \$25,193 for the next fiscal year.

The present population estimate is 7,700, based on an April compilation by registrar of voters Eber Tarleton, instead of the 6,693 figure filed with the secretary of state as of the date of incorporation.

"An example of the city's inability to act because ordinances have not been enacted occurred when a committee representing residents in Coral Manor, new subdivision, asked for relief from motorists speeding on Rincon Avenue, and making a turn at an intersection by using as a road an earth fill built by the subdiviver for his trucks and other equipment.

In an attempt to settle the matter, Mayor Morton advised the committee, on advice of Bonacina, to find out if the fill is on private property or is a public road. Spokesmen for the group were: J. E. Hoover and Mrs. John Glasgow, both residents of the new tract.

They were informed they could place warning signs along the

McKinnon Stays As Board Member Of Sanitation Dist.

Supervisor Joseph M. McKinnon, county board of supervisors' representative to county sanitation district No. 4 tried to resign by formal letter Monday, but the board rejected his resignation on the grounds it would not be fair to leave the problem in the hands of a possible successor.

McKinnon told board members he was displeased with the manner of conducting business of the sanitation's board of directors.

Last week McKinnon announced that he intended to resign and demanded a grand jury investigation of the matter. McKinnon agreed yesterday to remain on the job after county counsel Howard W. Campen suggested an audit and review of the books and policies of the district.

His "wife," Diane Pardue, doesn't take kindly to the treatment.

Art In Schools Explained to PTA

"Psychological Reasons for Teaching Art in the Schools" was the title of the inspiring talk given by Mrs. Ramona Fleson, Santa Clara County Art Supervisor, at the San Tomas Parent-Teachers Association meeting on May 15 at the San Tomas School. Mrs. Fleson stated that "art expresses freedom of thought and action" and also seeks out the individual spiritual and emotional needs of the child. Illustrations of art work from kindergarten through the eighth grade were exhibited to the group.

Sam Cook, sixth grade teacher, showed a movie entitled "Make A Mobile," which Mrs. Fleson selected to demonstrate different art forms that are introduced in the schools.

The Pledge of Allegiance for the meeting was led by two Bluebirds of San Tomas School, Rebecca Fore and Marilyn Cummins.

Mr. L. W. Hanson, president, presided over the business meeting. Mrs. Doris Hubbard's room won the room count for the most mothers attending.

Mrs. B. W. Creighton, program chairman, introduced Mr. Marc

ARTISTS AT 'SPRING SONG' TEA ACCLAIMED BY AUDIENCE

The three artists who entertained at the "Spring Song" tea musical, given April 30 at the Methodist Church by the Women's Service Club of Campbell, presented a program which was well received and which will long be remembered.

Leanne Boccardo, 14-year-old pianist, gave a brilliant performance

of the "Allegro molto e con brio" movement of Beethoven's Sonata, opus 10, number 1; Chopin's Waltz in E minor and the Warsaw Concerto by Tchaikowsky, arranged by Richard Addinsell. Miss Boccardo received an ovation and returned for an encore.

Mrs. Reginald Loftus gave a highly amusing interpretive reading, designed and executed in such a way as to delight the feminine audience.

A group of songs were sung by Mr. Gus Lease, whose baritone voice and pleasant manner were warmly appreciated. Mr. Lease sang, "I Did Not Know," by Frederick W. Vanderpool; "The Moon Behind the Cottonwoods," by Chas. Wakefield Cadman; "When I Have Sung My Songs," by Ernest Charles; "The Sleigh," by Kountz; "Avant de quitter ces lieux," from Gounod's "Faust," from Sigmund Romberg's "New Moon." Mr. Lease was well accompanied by pianist Marilyn Willems.

Tea was served after the program in both the Methodist Church parlors and the Country Woman's Club house. Pastries, tea and coffee were offered at beautifully appointed tables, where silver service and white musical symbols accompanied arrangements of roses, carnations, lilies of the valley and coral bells with ceramic butterflies. The church and club house were bountifully adorned with flowers, carrying out the Spring theme, which reached a high point in a huge metallic rose and butterfly, background decor for the entertainment.

Memorial Meeting By Eastern Star

Lighted candles and white roses enhanced the beauty and dignity of the annual memorial service held by Chapter 553, Order of the Eastern Star, on May 16 in the IOOF Hall. The altar was draped by the conductress and associate conductress in memory of two recently deceased lodge members. Cynthia Archibald and Dr. George Tutt. A spiritual song was sung by Margaret Rother, and Clara Baldwin gave the memorial prayer.

At the regular meeting, Cynthia B. Lloyd, Deputy Grand Matron of the 46th Oistr, inspected the chapter's ritual work, in particular the work of Marie Peterson, which was presented to the chapter.

Cynthia Lloyd addressed the group and complimented the officers on their work.

Mr. and Mrs. Galen Thompson were elected to membership and were congratulated on their affiliation.

Two movies were shown, "The Claire and Robert Schumann Story," and "Price of Freedom."

After the entertainment, members and guests retired to the dining room, where decor and refreshments were in the memorial theme. Coffee was served with ice cream and individual cakes, each bearing a cross of icing. Ceramic bowls and white candles highlighted the table, and at every place was a book marker in the shape of a cross, on which flowers were hand painted and the Lord's Prayer was printed in Gothic letters.

The book markers were executed by Lee Feasel, chairman of the evening. On the committee assisting Mrs. Feasel were Joe Feasel, Mr. and Mrs. Jo Agostinho, Mr. and Mrs. Howard G. Kirk, Iola Kirk, Mr. and Mrs. James D. Reilly and Mrs. Laura Sutton.

Swengel, principal. Mr. William C. Henley, superintendent of the Campbell Union School District, was introduced by Mr. Swengel and spoke on the proposed bond election. Posters and charts were used to illustrate the vital importance of the passing of this bond on June 10, to eliminate double sessions in the schools of the area. The state funds are exhausted, and in order to be eligible for more state aid, this bond issue is needed. Mr. Henley stated, and is essential for the welfare of our children and our communities.

Mr. Henley also spoke on the summer recreation program, which will enable children of the Campbell area to participate in arts, crafts, swimming and special events between schools. Mr. Elwood Mitchell will be the general director of the program, Mr. Henley announced.

Faculty members present were introduced by Mr. Swengel.

Mrs. Douglas Fore, historian, gave a very interesting report on the past year's activities of the San Tomas PTA unit.

Mrs. Steve Anderson was hostess for the meeting, assisted by Mrs. Gus Standish, room mother chairman, and the mothers of Mrs. Doris Hubbard's pupils. The committee served refreshments.

Legion Honors Past Officers

Past commanders and past presidents of the American Legion Post 596 and the Auxiliary, and their families, were honored May 14 at a potluck supper in the IOOF Hall, on the occasion of the Post's 8th anniversary. Mrs. Rex Fuller was mistress of ceremonies.

Highlights of the history of the Post and Auxiliary were given by honored guests. Mrs. Gladys Douer, president of the 13th District when the group was organized, told of its origin. Her talk was supplemented by Pete Navarro, installing officer at the time the Post was instituted.

The Reverend Corwin H. Olds spoke, concluding with an invitation to all members of the Post and Auxiliary to attend memorial of the Post and Auxiliary to attend memorial service at the Congregational Church on May 25.

Laurance J. Hill, principal of Campbell Union High School, gave a talk and introduced his family to the Legion membership. The Girl's State girl, Alice Jones,

daughter of Mr. and Mrs. Elmer F. Jones of Giles Way, and the Boys' State boy, Dennis Dunne, son of Mr. and Mrs. Melvin Dunne of Hedding St., San Jose were introduced. The two were selected by the high school faculty to represent Campbell at the Auxiliary State Convention in Sacramento.

A bountiful repast was served to more than 100 members and their guests. Masterpieces of the banquet were two cakes, the handiwork of Mrs. Mary E. Hummel. One very large, two-layer sheet cake, iced in yellow, bore the American Legion emblem executed in icing, and miniature American flags and Legion Post flags were on staffs in the corners. Inscribed on the cake was "Happy Birthday, Comrades." The second cake was decorated with American Legion poppies in red icing and the word, "Remembrance."

WEAR AMERICAN LEGION POPPIES TO HONOR THE DEAD, HELP VETS

Crimson poppies will bloom in the streets on May 24, when members of the American Legion Auxiliary will again sell these symbols of heroic sacrifices of Americans in two world wars.

Whoever wears a poppy pays tribute to those who "gave their lives that this nation might live," and helps those who survived, disabled by their service.

Hospitalized veterans are paid wages for making these flowers from crepe paper and wire supplied by the American Legion Auxiliary. Real workers' wages may be earned from January to May, the manufacturing period, and for many veterans this is the only way money can be earned. The work is salutary as well as remunerative. Their fingers busy with the bright red poppies, sick men find the hours passing more cheerfully. Crepe paper was selected by the Auxiliary as the most suitable material, because it provides maximum work with minimum expenditure.

The poppy was adopted as the Auxiliary Memorial Flower in October, 1921, as a convention held in Kansas City, Missouri. The Auxiliary conducts all distribution and promotion of the annual poppy sales; all workers other than disabled veterans are unpaid volunteers. Every penny from the poppies goes to disabled veterans and to their needy children. The bulk of poppy funds remains with the Legion Post for relief work.

No price is placed on poppies. Newsboys may give pennies; bankers may give dollars. The amount an American gives for a poppy is, according to his wealth, in direct ratio to the gratitude he feels toward those who have served him and his country above and beyond the call of duty.

Poppies themselves volunteered as symbols of sacrifice when they rose from the rubble of war-torn Flemish fields, the only flowers that would grow in earth that was desecrated by horror and hallowed by heroism. On the wind-swept battle ground, they were like triumphal banners, flaunting the color of the blood brave men had spilled. A young officer looked upon them and wrote, "In Flanders fields, the poppies blow, between the crosses row on row..." In a little while the poet, Colonel John McCrae, rested with his fallen comrades. But his words, like the poppies, live on.

No price is placed on poppies. They are purchased as freedom is purchased—by the heart.

Cambrian Club Registers Protest On S. J. Annexation

Cambrian Park Improvement Association's president James W. Braddock, registered a protest in the name of the association last week against San Jose's proposed annexation of Willow Glen No. 10.

In a letter addressed to the council, he protested that, "hasty decisions founded on petitions presented by subdividers, builders or land developers do not... represent the decision of all parties... affected by annexation plans in the Cambrian area."

Braddock said that while the association lacks legal standing for such a protest, "We do make the protest on the grounds that each and every resident in the area as to schools, sewage, and taxes."

Attached to the communication was a resolution of protest adopted May 6 by the association members.

BUC GRIDDERS TAKE TO FIELD

Next Monday, 127 Buc grid stalwarts will take to the practice field in gym clothes under football coach Jim Muir to organize the 1953 football schedule.

After the initial cutting, the top forty candidates will assemble every afternoon to familiarize themselves with the combination "T" and single wing that Muir plans to use in the coming season.

The nine game schedule drops two games formerly scheduled for the coming season and adds three new ones.

The first game of the new season pits Campbell against Capuchino, a new high school near San Bruno, to be played on the Buc Gridiron, October 3. The second game is scheduled for Fremont with Fremont. This, the first league game, will take place October 10.

San Jose High is next on the Buc's list of opponents to be played on the visitors' field October 17.

The game scheduled with Menlo school, is the next change in the schedule from last year, when the Bucs tangle with the Menlo-men.

Coach Jim Muir has high hopes of the effectiveness of the new offensive combination for the coming season's attack.

Campbell BPWC Represented At State Convention

Returning from Sacramento earlier this week were Thelma Solari, Alma Fanning and Gwen Steindorf, where they represented the Campbell Business and Professional Women's Club at the State Federation of Business and Professional Women's Clubs Convention. They report that Campbell was happy to have a member among the women in public office honored at the Saturday evening banquet. Viola Krug, City Clerk of Campbell, was included among those honored for achievement, although illness prevented her from attending the convention.

Among the many issues discussed and voted upon by the 600 delegates was the endorsing of the Equal Rights Bill and the removal of age and sex barriers for employing women. They also adopted resolutions asking women to go into Government work; requesting the Senate to insist on its right to make treaties and insisting that the Federal Government return ownership of the tidelands to the states.

A resolution asking Congress to be more selective in admitting immigrants and cutting quotas of aliens entering the U. S. was rejected. They opposed strengthening the Loyalty Oath required of all public employees, voted against compulsory health insurance, Universal Military Training and they rejected a resolution recommending ten minutes of non-sectarian religious reading each day in private and public schools.

Climax of the convention was the election and installation of officers. Mrs. Ivy Grace of Los Angeles replaces Dr. Dorothy Patterson of Sacramento as president. Kathryn Maloney, San Francisco, is first vice-president; Helen J. Maddox, Eureka, second vice-president; Gladys Anne Sheerin, Visalia, third vice-president; Amla L. Abell, San Luis Obispo, secretary; and Alice J. Brown, Chico, treasurer. Next year's convention will be held in Los Angeles.

Campbell Business and Professional Women's Club will hold its regular dinner meeting May 28. Chairman for the evening is Lucille Barnes and she will present Mr. John Sabo, of the Owens-Corning Fiberglass Corporation sales department, who will speak on the products manufactured by his company.

Short highlights of the State Convention held in Sacramento the past weekend will be presented by President Thelma Solari, and delegates Alma Fanning and Gwen Steindorf.

Board of Directors of Cambrian Park Improvement League held their scheduled meeting last night to check committees and to organize the next public meeting of the league scheduled for June 10.

The league, an organization of Cambrian Park home owners, has organized to work for improvements in the Cambrian Park area.

At the last meeting, the group headed by James W. Braddock, heard a talk by Los Gatos Mayor Charles K. Kirby To Discuss Election Issues In Local Homes

Controversial issues in the Superior Court election will be discussed publicly by Atty. David C. Kirby, candidate for the judgeship, this week, at a series of meetings held in Santa Clara county homes.

Kirby, 43, is opposing incumbent Judge William F. James for the office. In a statement from his headquarters, Kirby says, "Severely points regarding conduct of Superior Court business have been hotly debated by Judge James and myself during this campaign. I propose to discuss them in person

so that the voting public may be informed as to the true issues involved."

Some of these issues are: 1. Judge James' refusal to impanel the grand jury, even though he dismissed the last one four months ago. 2. Need of a younger, more active man for the office. (James is now approximately 80 years old). 3. Kirby's charge that the work of the criminal, naturalization and juvenile courts in Santa Clara County does not require a judge to devote his full time exclusively to these matters, which is now done by Judge James. 4. James' rejection of the responsibility he should share with the other judges in handling "all the matters before the court."

Residents of the Campbell area who wish to invite Kirby to speak to them and their friends may do so by calling CY 5-7515, campaign headquarters, 275 N. First Street, San Jose.

San Francisco's Cow Palace is 400 feet long, 300 feet wide, and 146 feet from tank to the barrel-shaped roof.

CAMPBELL TO GET \$8,000 IN GAS TAX FUNDS IN AUGUST

In a meeting last week between Campbell City councilmen and Division of Highways officials, it was learned that Campbell can expect about \$8,000 in State Gas Tax funds early in August.

Funds will represent approximately 40 percent of Campbell's

1952-53 allocation and will be made available for street maintenance work only rather than new construction, according to F. W. Montell, assistant State Highway engineer.

Had the state approved a corrected population count submitted by county registrar of voters Eber Tarleton last month, upping the population for 1950, as is presently recorded for the City of Campbell, the allocation would have been figured to run approximately \$1,000 more, according to Mayor Richard W. Morton, mayor of Campbell.

Al Smith Plans Cleanup Campaign

At a time when election promises are being repeated at a rapid rate, Albert B. Smith, candidate for county supervisor in the Fifth District, came up with what he believes is a new one today.

Stating he had one toy lost all of his personal modesty, Smith promised to remove all his election posters, whether elected or not.

Smith said, "I have instructed all my workers to chart the location of each poster so we can gather them up after the election. I have sanctioned their distribution as a necessary evil, but I am sure the public does not want them around after the contest is over."

He extended an invitation to other candidates for this and other offices to subscribe to his service at a charge of a penny per poster collected. Smith said he has hopes he might defray some of his campaign expenses this way.

Smith, a high school vocational agriculture teacher, is a candidate for the office being vacated by Dr. Earl C. Campbell.

Ward Gray To Head Wilkie Drive In Campbell District

Announcement was made this week of the appointment of Ward Gray as Los Gatos-Campbell district chairman of the Wilkie for Assembly campaign. Gray is newly associated with the Krug Memorial Chapel in Campbell, and as of this week, is a new resident here.

In his opening announcement, Warren R. Wilkie, Democrat and San Jose building supply dealer, states that he is not a professional politician, and made the following comments in reference to his candidacy:

"I am a candidate for the State Assembly in the 29th district, and I firmly believe that I will serve the affairs of our community best when I am in Sacramento. The mere fact that I am not a politician, is, I think, very much in my favor."

"I am very much aware of the needs and problems of the district which I hope to represent. You have only to read the newspapers or to meet the public, which I do in my daily course of business, to

learn of the critical need of adequate roads and highways, highway safety measures, adequate water supply, proper drainage and sanitary conditions, additional educational facilities, and many other problems, common to various businesses and industry.

"I do not have the answer at my fingertips for these problems, but I am ready and able to devote the time and effort necessary as representative of the 29th Assembly District to seek out ways and means by which these problems can be overcome with the least expense to the taxpayer."

"Recent elections have proven emphatically that voters are very, very tired and repulsed by so-called professional politicians. They want new faces—new ideas. And I know I can accept my responsibilities with a fresh viewpoint—with a realistic viewpoint—approaching it with the realistic viewpoint that has enabled me to operate my own commercial business successfully in this area for many years."

"And I do believe the people want business administration—and not political administration of their state affairs. I am deeply gratified with the large number of volunteers who have offered to aid my election—both Republicans and Democrats, who are saying: 'We're for Wilkie—We Want Wilkie.' I will make a forthright, sincere effort to justify their confidence in me."

"I have lived in the Coast counties area for 36 of my 39 years. I will not let my neighbors and good friends down by using the State Assembly post as a vehicle to better myself financially," concluded Mr. Wilkie.

Mr. Wilkie resides at 458 S. First St., San Jose, with his wife and three daughters, Betty, 14, Bernice, 12, and Barbara, 11. He is a member of the San Jose Elks, The Serra Club, and the San Jose Chamber of Commerce.

'ALUMNI'

By Jean Standish
(Readers are invited to contribute to this column.)

Frances Smith, daughter of Mr. and Mrs. Stanley B. Smith, was graduated in 1935 from Campbell Union High School, and the "Oriole" said of her, "Quiet and studious is she, and as friendly as any one can be." Frances took a degree in engineering at Stanford and was employed as an engineer during World War II by Douglas Aircraft Corporation. She is now the wife of Lt. Commander Harry LaMar, who is on Navy assignment in special devices. The LaMars live in Washington, D.C., and have two sons, Jonathan, 5, and Corey, 3.

Albert Smith was graduated in 1938, when the "Oriole" carried as best story of the year a composition by young Albert entitled, "Ain't Love Grand?" The Class Prophecy foretold that he would be a locomotive engineer, but as a true son of the soil (Campbell's), he attended California Polytechnic College of Agriculture at San Luis Obispo and returned to join the faculty of Campbell Union High School where he has been head of the Vocational Agriculture Department for the past seven years.

Albert Smith is at present a candidate for the post of Supervisor of the Fifth District. Deeply interested in his native community, Mr. Smith regards it as a civic responsibility to take an active part in political affairs, and if elected he plans to devote full time to his position.

Loren Smith, class of 1941, played football for CUHS and was Student Manager of the high school in the fall of '41. He was graduated from Stanford and is now with Dean Witter Company (stocks and bonds) of Fresno. Loren is president of Fresno's Young Republicans.

Lois Smith was on the "Campus Echo" staff at Campbell High and was prominent in athletic activities. She was graduated in 1948. Now a senior at the University of California at Davis, Lois is nearing her goal, which is to be a teacher of Home Economics.

Well remembered in Campbell is the late Mrs. Lillian Voge, sister of Stanley B. Smith. Mrs. Voge was an alumna of Grinnell Academy and was graduated from Stanford University at the age of 17. After her marriage she traveled abroad for some years; the two elder Voge children were born in Switzerland. In 1926 Mrs. Voge returned to Campbell with her four children and became librarian at the Campbell branch of the County Library, which position she held until her decease in 1946. Her children are all alumni of Campbell Union High School.

Everly Voge, says the "Oriole" of 1925, the year of her commencement, was "always prepared." She was noted for writing class poems, and in the Class Will she left her shingle bob to Miss Darrow. "She is quiet," the year book states, "but takes the cake when it comes to studying." Everly was employed by the Campbell Press in 1932 and '33. Now Mrs. William Canfield (despite the "Oriole's" contention that she aspired to be a spinster), Everly is the mother of five children, David, 13; Betsy, 11; Barbara, 9; Judy, 5, and Robert, 1½. The Canfields live in Glen Ellen, a suburb of Chicago.

Harvey Voge was graduated from CUHS in 1927. "Not in the role of common man" is the epigraph beside his picture in the "Oriole." "A Narrow Escape," a story authored by Harvey, is featured in the book. He lives in Berkeley, where he is in the research department of the Shell Oil Company, and is the father of three: Gregory and Suzanne, 13; and Tammy, 11.

'Robin' Visits Mrs. J. Shelley

"The Robin," which recently alighted at the home of Mrs. Jessie A. Shelley, on the Los Gatos Road, will be fifty years old next October. This welcome visitor has called on Mrs. Shelley every year of its life, usually three times a year. Being a "round robin," it gets around. When it leaves Mrs. Shelley, it flies to Bakersfield and thence to Houston, Texas; Austin, Texas; Alva, Oklahoma; Wichita, Kansas; Excelsior Springs, Missouri; Chicago, Illinois; Springfield, New York; back to Seattle, Washington; Portland, Oregon, and again to Campbell.

The round robin letter is the substantiation of the ties that bind the 1902 alumni of Alva Teachers' College of Alva, Oklahoma. Sixteen were graduated from Alva in June, 1902; in October the "Robin" began its flight. Though the class consisted of eight young men and eight young women, there was no intermarriage in the group; there was, nevertheless, a bond that is dearer with each passing year.

"As we grow older," Mrs. Shelley says, "we grow closer spiritually." She adds, "And of course we have more leisure to correspond since our families have been reared."

Mrs. Shelley's class was third to be graduated from Alva, which was at that time a Territorial Normal School. Oklahoma was a very new country, the Cherokee Strip having been opened just ten years before. In 1902 there were 500 students enrolled at the college, but the sixteen members of the senior class were a close unit.

Almost everyone in the class became a teacher; some went into other professions; all have turned in a good account. Through the years they have exchanged pictures of their mates and children and have retained an unflagging interest in one another's welfare.

In 1946 the class held its only reunion to date, at Alva. Another reunion is being planned. Only five will be present at the next meeting, as some are unable to attend and several have passed away.

"The Robin" has extended its tour to visit some of the beloved instructors of the group. The widow of one instructor is included; she recently enclosed in the letter a copy of "N.T.N." (Northwestern Territorial Normal), the college magazine of 1902.

Families, secretaries and friends of the class take an interest in "The Robin." The mailman on Mrs. Shelley's route watches for the arrival of the tireless transcontinental traveler.

Of Noel Voge, class of 1930, the "Oriole" said, "He wends his placid way among us." Noel wended his way through San Jose State College, on to the University of California and thence through Europe where he lived for several years, chiefly in the Scandinavian countries, Germany and Yugoslavia. In the last named country he met Marietta, who became his wife, and who, in 1942, that time of difficult migration, arrived in the United States just as her husband was returning abroad with the Army. Noel received a direct commission during World War II. His accomplished wife taught zoology at the University of California in Los Angeles, as Noel is teaching Russian at UCLA.

Melvil Voge, class of '34, wished to be a missionary and was raised on verbs, according to the "Oriole." "Hail to the chief who in triumph advances" reads the tribute beside his picture. Captain Melvil Voge commanded a merchant vessel during World War II and is now employed in New York in maritime insurance. He is married and has two children, Patsy, 6, and Susan, 4.

EASTER SEAL EXCEEDS QUOTA

The Board of Directors of the Crippled Children's Society have announced that they have exceeded their Christmas Seal quota of \$20,000.

The total amount collected came to \$22,241.52, and Mrs. Morgan Dillon Baker said the generous response was due partly to publicity given to the drive by the press and radio.

"This means that in the months to come, we can increase the services to the handicapped in our community," Mrs. Baker said.

How to make good telephone service even better . . .

it's easy to be a good telephone neighbor, too

If yours is a party-line, it's easy to be a neighborly telephone user. Just keep these simple points in mind when you make telephone calls: When you have a series of calls to make, allow a few minutes between them • Make sure the line is clear before you call • Replace the receiver properly in its cradle after calling. These suggestions will mean still better party-line service for you, too. For if you make them a habit, you'll find that they give people a better chance to call you.

emergency calls may arise while you are using your party-line. If a telephone neighbor breaks in and explains the emergency, it's always thoughtful to hang up and complete your call later.

CHRYSLER SARATOGA 6-PASSENGER SEDAN

ITS NEW KIND OF HORSEPOWER IS SOMETHING TO FEEL!

With its 180 HP V-8 engine, on 125 1/2 inches of wheelbase, many people think the Saratoga is the best Chrysler car of all.

We invite you to take the wheel and feel what happens! There's a new sense of easy power, of reserve power that make driving a new experience.

Its revolutionary combustion chamber develops more of the power in each charge of fuel than other engines can do. One result is performance, even on non-pre-

mium fuel, such as you have never felt. Another result is new economy. It's an engine that scarcely forms carbon at all. It creates less heat. It will last much longer, stay younger on the way!

And with Chrysler full-time Power Steering*, you steer with one-fifth the usual effort . . . drive with five times the usual control! With Power Brakes you need up to two-thirds less foot pressure . . . and still stop in many feet less than other cars can do.

Yes, behind Chrysler's new engine you'll find a new kind of car. Won't you come in and feel what we mean?

*NOTE: Power Steering standard on Crown Imperial. Available, extra, on any new Chrysler.

Begonia Culture

By LUCILLE BARNES

Watering should be done before 10:30 in the morning. This gives the ground time to warm up during the day. Begonias do not like cold, soggy ground at night and if we give them such a condition to spend the night in, they balk and you will find disaster has struck in the morning. Your ground will be literally covered with blooms. The male blossom is the finicky one, and will drop his blooms before the female plant. If these blossoms or the lower leaves drop and are allowed to remain, rot sets in and will eventually work its way into the core of the bulb, killing it.

Sprinkling is not recommended, but can be done if the sun is not directly shining on the plant. If this should happen, your flowers will be polka-dotted with brown burns instead of the luminous colors you find only in the lovely begonia.

Fertilizers for your begonias are many and must be left up to your own discretion. One high in phosphoric acid is best, for this develops the blooms. Fish meal is always considered an old standby. Start feeding when the first flower buds appear. Place the food about two or three inches from the plant and work it into the soil at least two inches deep. If food is placed too close to the bulb, you will notice immediately the leaves will turn brown and crumble. Liquid manure is fine, but should only be used in the consistency of very weak tea. Under no circumstances feed your plant after the 15th of

September. Result would be a leggy plant.

Enemies of the begonia are few and far between. Nematodes will attack the bulb under ground, which can be taken care of by using DDT. There is a problem developing in the begonia field that as yet has not had a cure named for it. The leaves of the begonia begin to curl and the ends blacken. The veins on the underside of the leaf are covered with a brown creeping web. All that has been recommended by the authorities so far is to dig up the plant and BURN IT.

Your begonia has been giving you pleasure and wonderful compliments on your prowess as a gardener, but now comes the time in October when we must begin to think of digging up the bulbs to store their hidden flowers they have placed there (by our careful watering, feeding and tender care all summer long).

Sometimes a begonia does not want to go to sleep for the winter, and we must insist by withholding water so the food stored in the leaves and healthy stem may go down into the bulb for next year's bloom. REMEMBER, WITHHOLDING OF WATER MUST BE DONE GRADUALLY. Water twice a week (in a fine spray) for a while and do so very sparingly. The bulb will begin to draw water from the leaves, for the earth around it no longer has water for its use. In so doing it takes not only what little water there is on the leaves, but begins to draw down into the bulb the life giving sap and food in the

S. C. Garden Club Elects Officers For New Year

At installation ceremonies last week, Santa Clara County Garden Club elected officers for the coming year with Ernest Pohlhammer, of a local nursery appointed president.

Main speaker of the evening was G. H. Richardson, general manager of Liquinox Company, San Jose, whose experiments with liquid fertilizer are widely known among nurserymen in the Campbell area.

Officers elected were: Joseph Amaral, vice-president; Don Campbell, secretary; Ralph Simmons, treasurer. Directors elected were: Al Cunningham, Vernal Pickford, Frank Simpson.

The nominating committee consisted of A. N. Osborne, L. C. Barnard, and Frank Greenlee.

leaves and stem and stores them for next year.

The bulb is ready to dig up ONLY when the leaves have all dropped off and a GENTLE TAP on the stem makes it fall off. NEVER BREAK THE STEM OF A BEGONIA PLANT. Allow it to literally drop off of its own accord. This allows the bulb to seal. A round, plump, firm bulb is a healthy bulb, but a shriveled bulb will probably only give you second rate flowers, if any at all.

Proper drying and storing is essential in assuring you that your bulbs will be the fine healthy, lovely flowers next year that they were this year. Wash the bulbs and place them in the sun to dry. DO NOT BREAK THE SKIN OF THE BULB IN THE PROCESS. A week in the sun is sufficient for drying. The bulbs are then placed in a cool, dry corner in a flat.

And so we leave the Begonia until October when I shall again remind you of the time to take your begonia up from Old Mother Nature.

Next week we will attempt to help you with the problems of the Mesembryanthemum, the Ice Plant. Mother Nature's own "Cold Fire" plant.

Campbell Student Makes Two-Day Farm Field Trip

Richard Farnham, Campbell farm crop student at California State Polytechnic college, made a field trip to the San Joaquin Valley Monday and Tuesday along with 200 other students. Permanent irrigated pasture and haying operation inspections were features of the two-day event.

Monday the group studied molybdenum poisoning control as practiced on the William Noble ranch near Five Points, with T. Wayne Simpson, ranch superintendent, in charge. Pasture and cattle range programs were discussed on the Bellevue ranch near Merced, with E. S. Murchie, ranch foreman, in charge. Ladion clover study was made on the Dunn and Wyatt ranch near Oakdale.

Tuesday morning, the group visited the San Joaquin Valley hay growers operations in Tracy. Field operations of hay production, dehydration, diseases, insect problems, and buying and selling of various grades of hay were shown by W. E. Straght, A. S. Vaskett, E. E. Stevenson, Stanislaus County Farm Advisor, and R. L. Cary. Afternoon visits were made in the Los Banos area to the ranches of Anthony Machado, S. F. Cardoza, and Joan Roselli to demonstrate results secured in establishing irrigated pastures on alkaline soil.

FIRST OLD SETTLERS' DAY

The first Old Settlers' Day was held in 1895 at the suggestion of E. E. White, who then operated the lumber yard, Senator E. B. Conklin was chairman of the day. B. Campbell, P. G. Keith, Captain Hamilton, Judge Myrick, Robert Rucker, Daniel Ross, D. A. Coates, were some of those who participated in early celebrations.

KIWANIS CLUB ORIGIN

The Campbell Kiwanis club was organized in 1926 with Ralph Allison as president, but his tragic death occurred before the club received its charter. T. A. Cutting, W. I. Merrill and E. J. Wiesendanger have been among its presidents.

INSECT TASTES GIVE CLUE TO FOOD VALUE

The tastes of certain insects and snails may give a clue to the nutritional value of plant tissue. For several years plant pathologist C. E. Yarwood, University of California College of Agriculture, has had his rust-infected bean leaves eaten by insects and snails in greenhouse tests to study the disease. The pests prefer the diseased leaves to healthy ones.

Samples of rust-infected bean leaves analyzed by Alice P. Hall, home economics laboratory technician, showed up to 20 times the B complex vitamin pantothenic acid as do normal bean leaves.

Yarwood also found that tobacco mosaic virus concentration goes up much higher in rust-infected bean leaves than normal leaves. Rust leaves showed about 10,000 times as much virus concentration as healthy ones.

To see if the vitamin boosted the virus multiplication, Yarwood treated healthy bean leaves with pantothenic acid and inoculated them with tobacco mosaic virus. In a short time, the treated leaves showed up with more virus than untreated leaves. Yarwood is continuing the tests to find out more of the virus-rust-pantothenic acid relationships.

Kennel Club Meet At Garcia Home

Mr. and Mrs. L. E. Garcia, kennel owners of 167 North Central Avenue, entertained 17 members of the Greet Pyrenees Club at their home over the past weekend, and listened to a talk by Derik Rayne on breeding and general staging of dog shows.

Club members discussed two dog showings scheduled for the near future, the Salinas Valley Show June 6, and the Pebble Beach Kennel Club showing June 7.
